

GAIN Irish Bran Mash

Key Features

- Based on traditional Irish wheat bran supplemented with flaked cereals.
- Ideal for all horses and ponies as a traditional wheat bran mash.
- Feed wet or dry as a supplement to the normal concentrate feed.
- Reduce other concentrate feeds by an equivalent dry weight.
- Can also be fed as a medium-energy balanced dry concentrate feed.
- Fully balanced with major and minor minerals including protected trace elements.
- Bioplex trace elements including Copper, Zinc and Manganese maximise availability.
- Selplex protected Selenium helps boost antioxidant status.
- Fully balanced with vitamins A, D, E, K, and the B vitamin complex.
- Vitamin E provides antioxidant support.
- ProviOX natural plant antioxidants improve vitamin E utilisation.
- Garlic provides extra palatability and helps support performance.
